Our showrooms are best qualified to assist your designer or architect with our fixtures, finishes, or customization.

Reminder:
order sufficient wire & chain to accommodate ceiling height. Miscalculations are costly.

Studio Steel fixtures are UL listed & wired for 60 watt candelabra-based bulbs, however we recommend 40 watts.

We welcome the customization of any of our fixtures to suit your project needs: resize width, height, depth; add crystal, more arms, or tiers; or simply request a custom finish.
